	<ul style="list-style-type: none">✓ High impact defense system! Often used and well liked by leading law enforcement agencies and security organizations.✓ The weapon shoots out 2 darts attached to 15 feet of wire and upon impact to an attacker emits 50,000 volts that travels along the wires offering supreme stopping power without causing any long term injuries to an assailant.✓ The unit is discharged by a compressed nitrogen throws at a speed of 135 feet per second, resulting to an instant loss of an assailant's neuromuscular control and any ability to perform coordinated action. This ensures that the nervous system of the target does not recover instantly thus enables the user to quickly notify police authorities.
